

Institute of American Studies at Ivane Javakhishvili Tbilisi State University and Georgian Association for American Studies organize the 14th International Annual Conference on American Studies

The conference is dedicated to the 150th Anniversary of Abraham Lincoln's Gettysburg Address

Our annual conferences traditionally embrace all fields of American Studies: politics, history, education, philosophy, social and women issue, arts, literature, economics, law, journalism, medicine, etc.

The aim of the conference is to:

- develop Georgian-American relationship study;
- support the development of democratic values in Georgia following the examples of the history and contemporary life of the United States;
- provide scientific and educational activity in fields of American Studies on a professional level;
- popularize this knowledge not only in academic circles but in all parts of Georgian society;
- assist young professionals interested in American Studies;
- strengthen links with other universities with American Studies programs.
