WHERE?

• Lithuania

Bordered by the Baltic Sea on the west and lush forests filled with crystal clear lakes on the east, it is a small country with its charming Baroque capital Vilnius, impressively unique city of Kaunas, surprisingly fast Internet, exceptionally loyal basketball fans, perfect nature to escape the city life, and people who may not seem to smile much, but will always do so if greeted in Lithuanian ('Labas!').

2018 is the year of the Centennial of independent Lithuania, so students will be joining us in a year-long celebration of Lithuanian culture, history and heritage.

Inspired by the 100th birthday of Lithuania, BSU has compiled a list of 100 reasons to visit Lithuania, which have been posted on our Facebook since the beginning of the year.

• The city of Kaunas

A marvellous city at the confluence of two rivers, situated at the very heart of Lithuania, full of museums and stunning modernist architecture, and much more. Be the first to discover it before everyone else, as it is going to be the European Capital of Culture 2022!

Registration to BSU-2018 is open on our website.
