With a view to promoting the human resource development and capacity building of developing countries and to enhancing international exchanges in the field of education, culture, communication, science and technology and the friendship among peoples of the world, the Government of the People's Republic of China has placed at the disposal of UNESCO for the academic year 2018-2019, under the co-sponsorship with UNESCO, **seventy-five (75)** fellowships for advanced studies at undergraduate and postgraduate levels. These fellowships are for the benefit of developing Member States in Africa, Asia-Pacific, Latin America, Europe and Arab region (please see the list of invited Member States in ANNEX I)

Tenable at a selected number of Chinese universities, these fellowships are intended for students and scholars who plan to pursue advanced studies or undertake individual research with periodic guidance from the assigned supervisors in China for **a duration of one year**.
