

Foundations in Accountancy

Foundation in Accountancy (FIA) is the set of entry – level awards developed by ACCA (Association of Chartered Certified Accountants), **with employers in mind, according to their needs and expectations.**

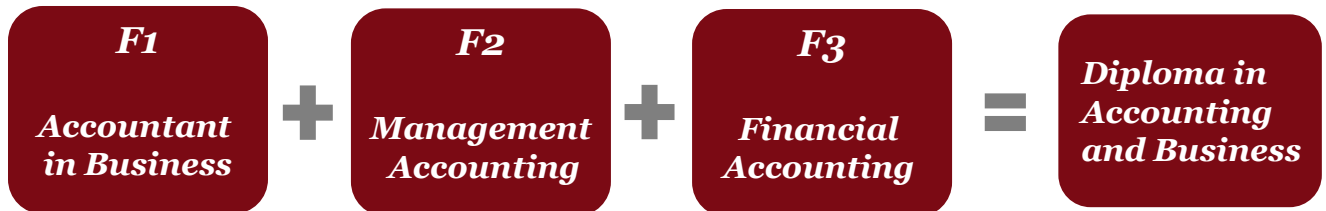

FIA offers various entry points, allowing maximum flexibility to select the most appropriate entry route and progression to upper levels, based on previous qualification, experience and further career aspirations.

In line with current best practice and to meet recommendations of the International Federation of Accountants, a **Professionalism and Ethics Module has been included.**

After completion FIA students will be awarded with **Diploma in Accounting and Business.**

Foundations in Accountancy

Why to study with the Academy:

1. Quality of tutors

All our tutors are certified specialists in their fields, which ensures that they bring the highest value for you and your organisation – with over 155,000 professionals in 153 countries, we bring our accumulated business knowledge and experience to you through the Academy.

2. Pass rates

Pass rates of our ACCA students are constantly more than 20% higher than the global average. PwC Georgia Academy students pass rate for December 2012 exam was: 75%.

3. Study materials

We use the top quality study materials approved by internationally recognized professional bodies. Except of standard text books and exam kits our students receive course notes developed by PwC experts, which can considerably ease their studies.

4. Competitive pricing

Group discounts and special prices for our loyal clients available.

5. Support and approach

Our philosophy is to develop the best in people through interactive and challenging learning. We provide you with regular support and attention of the trainer and close control over the learning process during the whole training period.
