UI-CREATES

UNIVERSITAS INDONESIA CREDIT EARNING PROGRAM for STUDENTS

“Learning the World of Diversity”

Hosted by the Best World Class Research University in Indonesia

What?

UI-CREATES or Universitas Indonesia Credit Earning Program for Students is a credit bearing program for 3 credits by taking 1 available subject or 6 credits by taking 2 available subjects.

The program consists of pre, main program, and post. For the pre program, students need to submit a paper regarding their perception about UI and Indonesia and for post program, participants need to submit paper containing their opinion about the program and the benefit of this program. The main program will be conducted at UI for 2 or 3 weeks program. On this program, students will not only take some courses but can also learn about Indonesian Language & Culture, have some cultural visits, and short internship program at Indonesian Government and Private Institutions related with the course taken. This is a real comprehensive credit earning program students should take to enhance their knowledge and enrich their experiences.

Who?

This program is eligible for:

- Students from undergraduate/graduate program in any major can apply
- have completed at least one year of full-time study at the time of application at your home institution
- be recommended by your university, proven with a nomination letter from home institution
- be able to actively communicate in English, proven with minimum score of or its equivalent:

| TOEFL ITP | TOEFL Paper | TOEIC | TOEFL CBT | TOEFL IBT | IELTS |
|--------------|----------------|-------|--------------|--------------|-------|
| 510 | 510 | 600 | 180 | 64 | 5.0 |

If the applicant is unable to take the above tests in time for application or not strictly achieving those scores, Universitas Indonesia will also accept an official letter from the applicant's home institution certifying an equivalent level of English proficiency until the students can submit their English Proficiency Certificate.

When?

From JANUARY to APRIL 2016

| | | |
|----------|-----------------|-------------------|
| Term 1 : | 17 Jan - 30 Jan | (2 weeks program) |
| | 17 Jan - 6 Feb | (3 weeks program) |
| Term 2 : | 14 Feb - 27 Feb | (2 weeks program) |
| Term 3 : | 6 Mar - 19 Mar | (2 weeks program) |
| | 6 Mar - 26 Mar | (3 weeks program) |
| Term 4 : | 3 Apr - 16 Apr | (2 weeks program) |
| | 3 Apr - 23 Apr | (3 weeks program) |

From JUNE to NOVEMBER 2016

| | | |
|-----------|-----------------|-------------------|
| Term 5 : | 5 Jun - 18 Jun | (2 weeks program) |
| | 5 Jun - 25 Jun | (3 weeks program) |
| Term 6 : | 17 Jul - 30 Jul | (2 weeks program) |
| | 17 Jul - 6 Aug | (3 weeks program) |
| Term 7 : | 14 Aug - 27 Aug | (2 weeks program) |
| | 14 Aug - 3 Sep | (3 weeks program) |
| Term 8 : | 11 Sep - 24 Sep | (2 weeks program) |
| | 11 Sep - 1 Oct | (3 weeks program) |
| Term 9 : | 9 Oct - 22 Oct | (2 weeks program) |
| | 9 Oct - 29 Oct | (3 weeks program) |
| Term 10 : | 6 Nov - 19 Nov | (2 weeks program) |
| | 6 Nov - 26 Nov | (3 weeks program) |

Minimum participants for each group is 20 students

If one university can send minimum 15 students, then we can design a WHOLE TAYLOR MADE program (timing, offered courses and other related activities) based on request.

UI-CREATES

UNIVERSITAS INDONESIA CREDIT EARNING PROGRAM for STUDENTS

“Learning the World of Diversity”

Hosted by the Best World Class Research University in Indonesia

Why?

By taking this program, you are able to earn transferrable credits to your university. You will learn about Indonesia's unique diverse culture and heritage. Meanwhile, you will have a chance to experience about Indonesian Insight through short internship program at Indonesian government and private institutions related to the course taken while also explore the vibrant life style, culture and local wisdom.

How Much?

The program fee for this credit earning program (2 weeks/ 3 credits) is USD 500* per person or for (3 weeks/ 6 credits) is USD 650* per person. (Minimum 20 students for 1 term) .

Program fee include lectures, Indonesian language & culture class, excursion, daily lunch , return airport transfer and local transportation during the program .

*excluding airfare, accommodation, meals outside the program (dinner), personal expenses and additional trip to Bali or Jogja

LIST OF OFFERED COURSES IN ENGLISH

“Learning the World of Diversity”

1

Engineering

Civil :

- **Sustainable Built Environment**

This course aims to teach students are able to apply the basic principles of natural systems and the built environment as well as concept of sustainable development to civil engineering including to design Civil Buildings with the concept of green building and sustainability.

Topics : Principles of natural environmental systems and life cycle (cycle of matter and energy, hydrological cycle, food chain); Basic Principles of the built environment system and its impact on the natural environment and life cycle system (social system, ecosystem, build environment, the concept of niche, power capacity and resilience); Impact of development sector and infrastructure on the natural environment; Agenda 21 and environment-based development (global/national/local Agenda, social, environment and economic pillars in development); Sustainability concept of Civil Engineering (zero waste, efficiency, hierarchy waste management, waste and pollution carrying capacity of the environment, sustainable consumption and production); concept of Green Building (LEED) Green Building Criteria: Sustainable sites (EIA); Water efficiency: Energy and atmosphere; materials and natural resources; Innovation and design process; Green Building concept Strategy: Example of Green Building concept in Indonesia, and other nation; Environmental Law and other regulations, ISO 14001

- **Environmental Global issues**

The aim of this course is students can fully understand and explain systematically some environmental issues of global concern that requires international cooperation in handling and management.

Topics : The explosion in population and the challenge of civilization: the problem of scarcity and water security, food, and energy; addressing global warming and adaptation to climate change: carbon footprint and ecological footprint; loss of biodiversity and soil fertility; depletion of ozone layer; genetic engineering between challenges and opportunities; intensive farming and their impacts; water balance, reservoir and its environmental problems; nanotechnology; environmental biotechnology; pandemic and emerging diseases; nuclear energy and its challenges; urban sprawl; hazardous waste management and cross-country mobility issues; policies and strategies for water savings and energy.

2

Computer Science

- **Programming Foundations**
- **Introduction to Digital Systems**

UI-CREATES

LIST OF OFFERED COURSES IN ENGLISH

“Learning the World of Diversity”

3 Economics & Business

Economics :

- **Natural Resources & Environmental Economics**

This course covers the natural resources and environmental aspects of economics
