

MarinaKarchkhadze

Assistant Professor

e-mail: marina.karchkhadze@tsu.ge

Phone: (mobile): +995 595470104

Education

- University Diploma in Chemistry (Chemistry of High Molekular compounds), Ivane Javakhishvili Tbilisi State University (TSU, 1974-1979)
- Ph.D, Chemistry of High Molekular compounds, Ivane Javakhishvili Tbilisi State University (1990)

Work Experience:

- 1980-1988–Researcher at the Chair of Chemistry of High Molekular compounds (TSU). 1988-1991 - Laboratory Assistant at the Chair of Chemistry of High Molekular Compounds (TSU).
- 1991-1993- Teacher at the Chair of Chemistry of High Molekular Compounds on the Basis of Competition(TSU).
- 1993-1996- Senior Teacher at the Chair of Chemistry of High Molekular Compounds on the Basis of Competition(TSU).
- 1996-2006- Associate Professor at the Chair of Chemistry of High Molekular Compounds on the Basis of Competition(TSU).
- 2006 Current, Assistant Professor at the Department of Macromolecular Chemistry on the Basis of Competition(TSU)

Teaching Courses:

- Macromolecular Chemistry (seminar, laboratory)

- Practicum in Macromolecular Chemistry (laboratory)
- Medicinal Chemistry (practicum)
- Pharmaceutical Chemistry 1 (practicum)
- Macromolecular synthesis (lecture, seminar, laboratory)
- Polymer solutions (lecture, seminar)
- Natural and Medicinal polymers (lecture, seminar)
- Macromolecular reactions (lecture, seminar, laboratory)

Research Interests

- Separation of enantiomers of chiral compounds with polysaccharide -based chiral stationary phases prepared based on natural polymers, cellulose and amylase
- Mathematical Chemistry.

Running projects

- Separation of antimicotic's and herbicide's on the chiral stationary phase in HPLC
