

„GRID and Future Technologies“

2ND ATLAS/CERN SOUTH CAUCASUS SOFTWARE/COMPUTING WORKSHOP & TUTORIAL-SCSWT'2012 will be held in Tbilisi, Georgia, on October 23-26, 2012.

Organizer: ATLAS Collaboration, CERN Geneva, Switzerland.

SCSWT'2012 aims at fostering contacts between ATLAS Collaboration and computing people in South Caucasus countries – Armenia, Azerbaijan and Georgia, and experts in ATLAS software and worldwide GRID computing technologies.

Event will be focused on GRID Distributing Computing technology – tools, operations, networking, site setup and optimization. Special attention will be paid to the evaluation of the current status of development of GRID clusters in South Caucasus countries and consideration of end-users' local experience of GRID clusters implementation.
